

Grace Charity Foundation Limited : Financial Review

Financial arrangements match our belief

Our Belief

- Without considering any political and religious stands, we wholeheartedly strive to work for the enhancement of educational facilities and student subsidies in the remote hilly regions of China
- Promote altruistic contributions and help people to improve their living conditions themselves ; enrich the lives and experiences of all the sponsors and beneficiaries through charitable projects

Financial arrangements match our belief

- All donations will be used specifically on the designated projects, we do not levy any administration fee on donations
- Office administration expense accounts for less than 1% of our donation expenditure; interest income well covers the administration expenses
- No salaried staff and all workers are volunteers
- Volunteers paid for their own travel and hotel expenses on errands
- We need not pay rent for our premises.

2025年度捐款收支使用分析 (節錄自核數師報告)
